ABOUT THE INITIATIVE

Humanity in Action is an international educational organization. We educate, connect and inspire a global network of more than 1,300 young leaders committed to promoting human rights, diversity and active citizenship—in their own communities and around the world. This new initiative aims at expanding Humanity in Action's network to Greece. For the past 15 years, Humanity in Action has focused on challenges faced in Europe in regard to diversity, immigration, minority rights, attitudes about national and European identities, democratic inclusion and extremism. Many of these issues are especially pressing in Greece today. Through education, skills training and networking opportunities, Humanity In Action seeks to empower Greek activists and emerging leaders to become agents of change in their home society.
